

MASOOM WELFARE ORGANIZATION KOHAT ®

Ref No. _____

Registration No. 3876

Date: _____

Respected Mr. Danish and all concerned officials of HOPE foundation,

We hope that, by the grace of Allah, you and your friends in HOPE foundation will be good. We pray that may Allah further enhance the good abilities of your friends, Amen!

Because of your visit to Imam Raza's orphanage, genuine sympathy for its orphaned children and in following Allah's obligations, the generous financial support to this organization, whereas, has heightened our courage, it is also showing a better future to the current students. We do not have words to thank you for this generous financial support except for this prayer that; may the God of martyrs and the righteous, through Muhammad (s.a.w.w.) and his progeny, keep you all in His peace and safety. And may Allah grant the sincere wishes of "whoever" has financially and morally helped this organization or other organizations with you in whatever way possible. And may He accept your, other supporters' and our own inferior services in His way.

We have sent the details of all the children for the year 2012-2013. Last year, some of the children left the orphanage and the school because of their weak academic progress. However, some of the students were hired in different organizations to support the financial status of their home and some of the boys were admitted to reputed universities because of their better educational progress; the details of whom have been provided to Mr. Shafeeq Hasan.

We would, indeed, like to mention one important fact as we have to perform this duty only for the sake of Allah's will and have to make the right use of the share of Imam (a.s.) and other deposits, that is; most of the boys, that we have, belong to Orakzai agency. Because of the regional poverty and lack of primary education, most of the children of this area are academically weak. Therefore, these boys of the grades 5 to 8 are not giving results that are good enough. Accordingly, we have started "Extra Coaching Classes" for these children so as to minimize their orphanage drop-outs and save the future of these children.

We are pleased that you and the HOPE foundation have entrusted unto us and, God willing, we shall strive to further enhance this confidence and will try our best for this organization and its children. We pray to Allah that may He increase our good abilities and fulfill the wishes of all the members and donors of the HOPE foundation in this world and the hereafter. Without a doubt, those who work for Allah do not ask for reward from anyone and Allah is sufficient for them.

In need of your prayers,

Members of Masoom Welfare Organization

C/o Zulfiqar Ali (0333-9622804)
