ABOUT US

Help Orphans and Promote Education Foundation (H.O.P.E.) is a federally registered Canadian charity that is focused primarily on providing education by sponsoring orphans and needy children. H.O.P.E. also strives to provide relief to the people affected by natural disasters, to help bring them back to a normal life. This, we believe, will bring hope and enlightenment by giving these children an opportunity to play an active and productive role in the society.

We strongly believe in complete transparency and take great measures to ensure that every penny of the donated funds is used in the most effective manner. We contribute to projects which not only take care of the immediate needs, but also provide the means through which an orphan can become self-sufficient and lead a respectable life.

MISSION & VISION

H.O.P.E. Foundation's foremost task is to equip the poverty-stricken young generation of orphans and needy with the most important tool to help cultivate them into leaders of tomorrow – Education.

To advance education by providing scholarships, bursaries, awards and other form of financial assistance to children and youth who are orphans or in financial need; and to provide financial and material relief to the victims of disasters.

PRESIDENT'S MESSAGE

Assalam Alykum

As we end 2022, I wanted to share my gratitude on behalf of the entire team here at H.O.P.E Foundation. Despite the challenges faced globally over the past year including the catastrophic floods submerging 1/3 of Pakistan, you have continued to support us in meeting the disaster relief efforts as well as the educational needs of the Needy and Orphaned children. By standing by with HOPE objects, you made your community in Canada and in Pakistan a little bit better each day.

This year you came together as you always do and you provided aid and relief during one of the most difficult disasters in Pakistan's history through a massive collection that has helped us feed and shelter thousands of families .The rebuilding and restoration of hundreds of homes is now underway by your help.

In addition, many schools and students experienced a rising demand for their continued educational needs and your support has allowed them to not only keep their doors open, but to extend their help even further.

Every time I look back, I am reminded of the incredible kindness and generosity we have seen from you. No matter what, your continued support has enabled H.O.P.E. Foundation to make a real difference where it's needed the most.

As we look toward a brighter future, I want to thank you for your support from all of us here at H.O.P.E Foundation.

May 2023 bring health and happiness to you and your loved ones..

Shahid Shah

PROJECT OVERVIEW

This report provides an overview of the activities of H.O.P.E. Foundation in 2022. Please do not hesitate to contact us if you have questions about any of our activities.

In line with our official charter, impact in the following two major areas has been highlighted in this report:

- Helping Orphans and Promoting Education
- Emergency Response and Relief

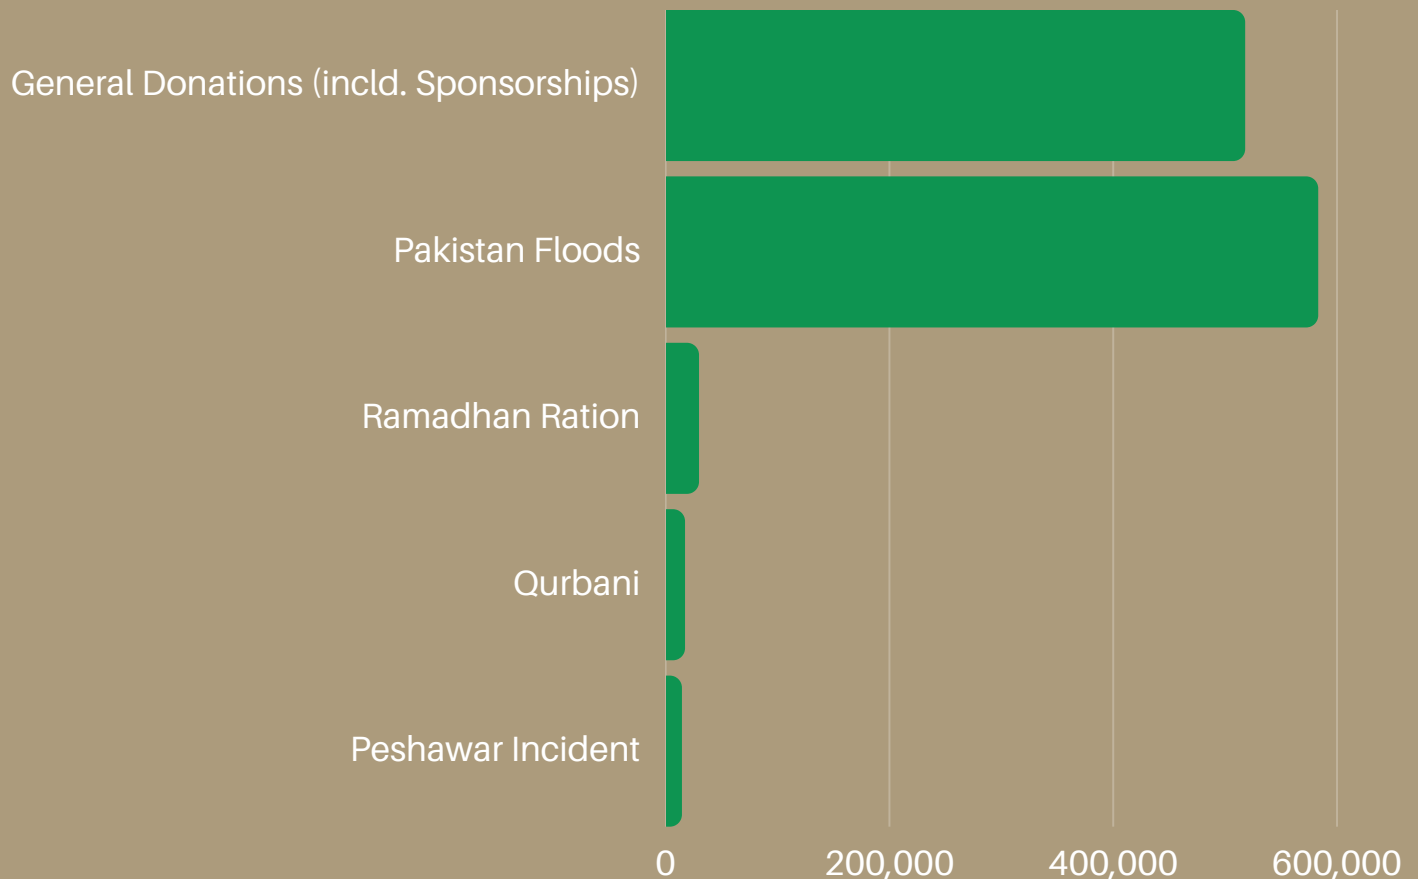

HOPE

**SUPPORTING 43 SCHOOLS AND
4,302 STUDENTS**

DONATIONS

\$1,158,398

H.O.P.E. Foundation Canada oversees its various operations in Pakistan, including the transfer and disbursement of funds through a registered charitable organization in Pakistan known as MAWA Trust. MAWA also acts as an official local NGO partner of H.O.P.E. in Pakistan. The entire process is supervised by a regional director of H.O.P.E. Foundation.

MAWA TRUST

PESHAWAR INCIDENT

On the 1st day of the Holy month of Shaban, in March 2022, a heinous act was carried out at the Friday prayers in Peshawar.

Upholding the goal of the organization, we launched a campaign to offer educational support to the children of the martyrs.

With the support of our donors, we were able to collect a good amount of money and fund many of these orphans' educational requirements.

As of the academic year 2022-2023, 20 students orphaned by this blast are already under the sponsorship of HOPE Foundation. As of academic year 2023-2024, there will be a total of 55 orphaned students sponsored by HOPE Foundation.

MONTH OF RAMADHAN

Similar to last year, H.O.P.E. Foundation once again arranged for food relief to feed the poor and needy people throughout various areas of Pakistan, especially in remote villages. We provided one month's worth of ration packages to communities and homes to fulfill their immediate ration needs during the month of blessed Ramadhan 2022. This year, we reached a total of 1,029 beneficiaries.

Total collections: \$28,942.62

QURBANI

Each year, H.O.P.E. Foundation runs the campaign for collection of funds prior to Eid-ul-Adha. With the collected funds, H.O.P.E. Foundation purchases livestock on behalf of the donors and fulfills the religious rites and duties by distributing meat amongst the neediest and most deserving in the remote regions of Pakistan.

With your help, H.O.P.E. Foundation's 2022 Qurbani campaign was able to **raise \$16,450.53**, through which over **3,953 beneficiaries were reached**. These are the families whose malnourished members are unable to acquire the day-to-day necessities, let alone, incorporate meat into their diets. However, through your generous donations, the families could enjoy meat, even if for once in the year, on the joyous day of Eid-ul-Adha.

\$16,450

SCHOLARSHIP AND EDUCATIONAL SUPPORT

In 2022, H.O.P.E. Foundation raised a total of \$517,022 for scholarships and educational support.

Through the funds, 3,826 school students were supported through 43 institutions in various regions of Pakistan. In addition, another 476 students of various disciplines received academic scholarships directly for higher education, with a total of 4,302 students being supported during the year.

The schools are not ordinary schools – rather, these schools and the students within belong to the most geographically and demographically disadvantaged areas of Pakistan. These regions historically have not had any establishment of educational facilities, nor had the norm of children enrolling in education.

As such, H.O.P.E. Foundation opted to take upon the responsibility of establishing educational institutions, infrastructure and a new mindset within the civilians of these regions, such that the leaders of tomorrow & generations to come are equipped with the most important tool of all: Education. With your continuous help, support and donations, H.O.P.E. Foundation continues to support schools and higher education students of various disciplines.

Our biggest project for the year 2022 was Disaster Relief for the devastating floods that took place all over Pakistan from July to September 2022. These floods killed thousands and left millions homeless. During the first phase of providing food, temporary shelter and hygiene kits, we assisted over 8,000 families.

EMERGENCY APPEAL

Our Second Phase includes Rebuilding and Repair of Damaged Homes and has started in December 2022.

Our goal to complete this project within 2023

UPGRADED DONATION PORTAL

In 2022, H.O.P.E. Foundation implemented our new "Donor Dashboard" platform, where users can create accounts and make donations using a very user friendly and easy interface.

The receipts generated through this new platform and the easy reporting made possible for the Foundation has helped ease the process flow for accountability and transparency for all stakeholders.

The screenshot shows the H.O.P.E. Foundation website's donation portal. The header includes the H.O.P.E. logo and navigation links: HOME, ABOUT, APPEALS & PROJECTS, and GET INVOLVED. Below the header is a large image of children in a line. The main section is titled "Donate" and contains a "General Donation" form. The form has a currency selector set to "\$" and a value of "10.00". Below this are buttons for preset amounts: \$10.00, \$25.00, \$50.00, \$100.00, \$250.00, and a "CUSTOM AMOUNT" button. There are two checkboxes: "I'd like to help cover the transaction fees of \$0.61 for my donation." and "Make this donation monthly". Below these is a "Select Payment Method" section with radio buttons for "Credit Card" (selected) and "Offline Donations". The "Personal Info" section includes fields for "First Name" and "Last Name", both marked as required with an asterisk and a help icon. Below these are fields for "Email Address", also marked as required with an asterisk and a help icon.

TESTIMONIALS

We will be
HOPE for
others.

SUBHAG KHAN

Software Engineer

Subhag Khan from Layyah completed BSc Software Engineering from Government College University Faisalabad. Today, he works as a Software Engineer in Arham Software Company, Lahore where he creates iPhone applications for clients.

His father was a principle in a private college in Turbat, Balochistan and was murdered in target killing in 2011. After this, his situation worsened and family had to move to Punjab. In Punjab, it was difficult for his mother to manage to continue their education and started sewing clothes. Then his uncle told him about HOPE Foundation who sponsored his and his three sisters' education.

SANAULLAH

Software Engineer

Sanaullah from Baluchistan, Tehseel Tamboo belongs to a poor family of farmers on the lower strata of society. He completed his early education from a small native school followed by matriculation from a city called Osta Mohammad. He was looking to continue his education, but due to limited resource, he was not able to continue his education.

He contacted HOPE Foundation, which helped him to get in Pak-Polytechnic Institute where he complete diploma from 2018 to 2021. Later on he got admitted to BS Engineering, Lahore and completed his education successfully.

Thank you!

"I CAN'T EXPRESS ENOUGH MY
FEELINGS AFTER BECOMING A
SOFTWARE ENGINEER - IT ALL
BECOME POSSIBLE DUE TO HOPE
FOUNDATION SUPPORT"

INTERVIEW

https://youtube.com/watch?v=x3cvBl_NmDw&feature=shares

GHULAM ABBAS

Civil Engineer

Ghulam Abbas comes from a small town in Layyah. He completed his matriculation and had no money for further studies. HOPE Foundation stepped in and provided him with the opportunity to study and further his education in Lahore. He completed his diploma in Civil Technology from 2015 to 2018.

He has completed his Bachelor of Arts and now has a well-paying job in Civil Technology, where he installs prefabricated buildings.

"THE WAY THAT HOPE
SUPPORTED MY EDUCATION,
AND ALLOWED ME TO GET A
JOB AND EARN TO SUPPORT
MY FAMILY - I WOULD DO THE
SAME AND HELP A STUDENT
WITH HIS TUITION FEE"
