

HELP ORPHANS & PROMOTE
EDUCATION FOUNDATION

PAKISTAN COVID-19 IMPACT REPORT 2020

ABOUT US

Help Orphans and Promote Education Foundation (H.O.P.E.) is a federally registered Canadian charity that is focused primarily on providing education by sponsoring orphans and needy children. H.O.P.E. also strives to provide relief to the people affected by natural disasters, to help bring them back to a normal life. This, we believe, will bring hope and enlightenment by giving these children an opportunity to play an active and productive role in the society.

We strongly believe in complete transparency and take great measures to ensure that every penny of the donated funds is used in the most effective manner. We contribute to projects which not only take care of the immediate needs, but also provide the means through which an orphan can become self-sufficient and lead a respectable life.

MISSION AND VISION

H.O.P.E. Foundation's foremost task is to equip the poverty-stricken young generation of orphans and needy with the most important tool to help cultivate them into leaders of tomorrow – Education.

To advance education by providing scholarships, bursaries, awards and other form of financial assistance to children and youth who are orphans or in financial need; and to provide financial and material relief to the victims of disasters.

PRESIDENT'S STATEMENT

As the COVID-19 outbreak started to unravel globally and the effects of the pandemic began to shape our world, H.O.P.E. Foundation closely monitored the devastation induced by the virus. In keeping with its mission and objectives, H.O.P.E. Foundation made the decision of providing much needed aid and relief to those most affected by this calamity.

H.O.P.E. Foundation already conducts educational programs in the remote regions & villages of Pakistan, and therefore, it was aware of the financial hurdles and everyday struggles experienced by those on the ground. With the situation aggravated further by COVID-19, citizens within these regions were forced to face extremely dire circumstances – having to decide between the arrangement of their next meal and roof over the heads of their families or sacrificing their own well-being.

This report provides details for initiatives H.O.P.E. Foundation has undertaken thus far in regard to the matter. These efforts are still ongoing, and more information will be shared as more progress is made.

COVID-19 CAMPAIGN

The COVID-19 outbreak has reformed the lives of everyone around the world. As the fight to contain the spread continues, self-isolation is the primary preventative measure taken by the governments of all countries. However, self-isolation does not come without its hurdles. For those who struggle to put food on the table and a roof over the head of their families under normal circumstances, the unexpected layoffs, no external source of income or provision of relief is an agony too much to bear.

As such, H.O.P.E. Foundation requested for your help in raising funds for provision of essentials to individuals and families in self-isolation facing these dire circumstances. The funds collected will ensure that these individuals and families are safely provided with everyday necessities and are curbed from putting their own and their community's health & well-being at risk by pursuing these items against the recommended measures. We are actively reaching out to needy families across Pakistan who are having difficulty in getting basic necessities during the COVID-19 pandemic. We are determined to help one another in these difficult times, while the respective governments and medical communities work tirelessly to alleviate the issue.

FINANCIAL OVERVIEW

H.O.P.E. Foundation reached out to and utilized multiple sources to collect funds, and paid it forward by helping our brothers and sisters in Pakistan.

TOTAL COLLECTION OF FUNDS

A total of \$83,713.18 was raised. Breakdown of where our funding came from is as follows:

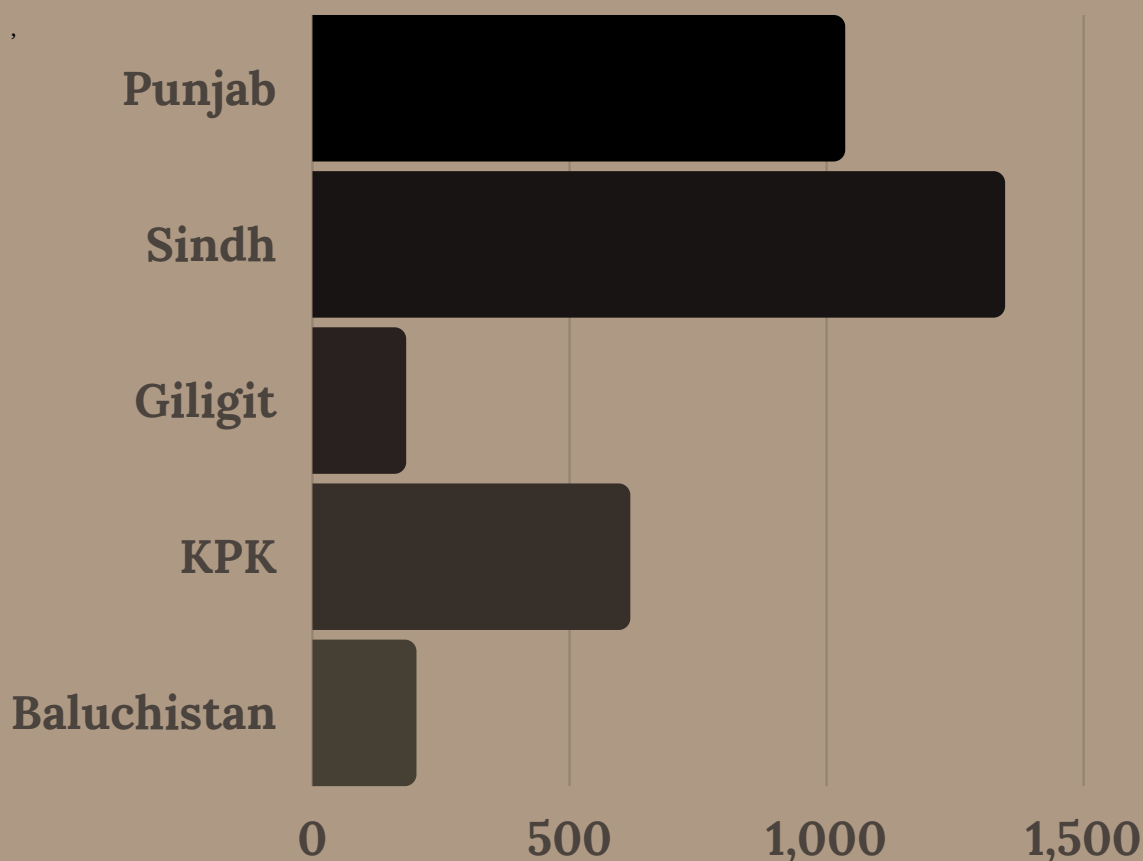

DISTRIBUTION OF FUNDS

Follows is the breakdown of how the funds that were collected for our COVID-19 initiative were utilized and what the funding went towards.

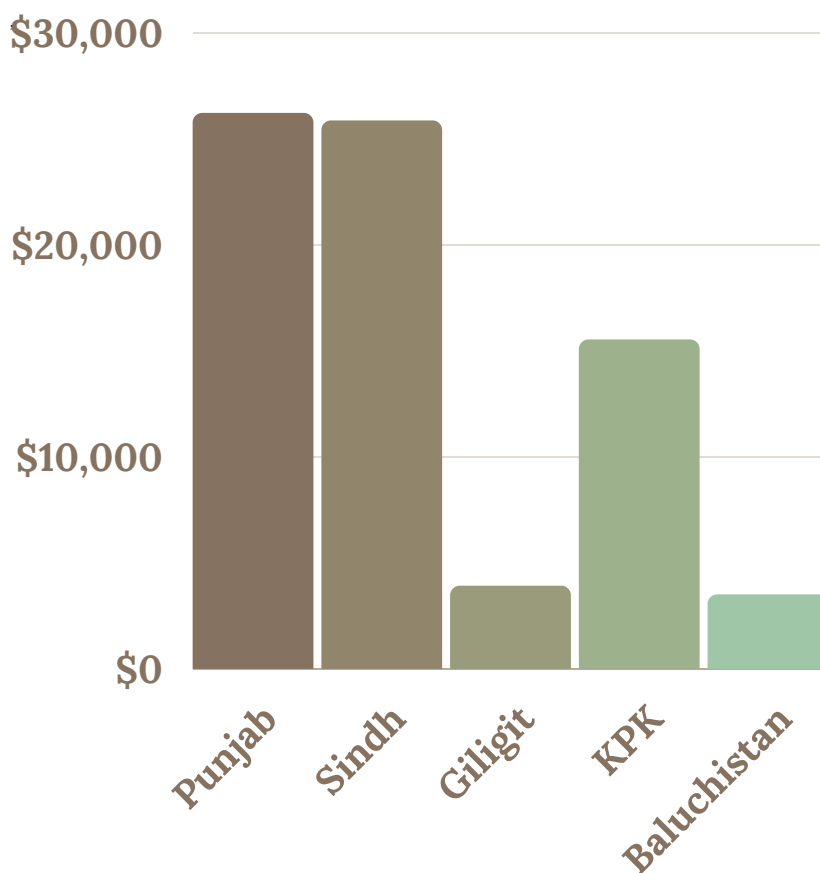

THE NUMBER OF FAMILIES THAT BENEFITED PER REGION

A total of 3,375 families were helped through our Ramadan food distribution initiative.

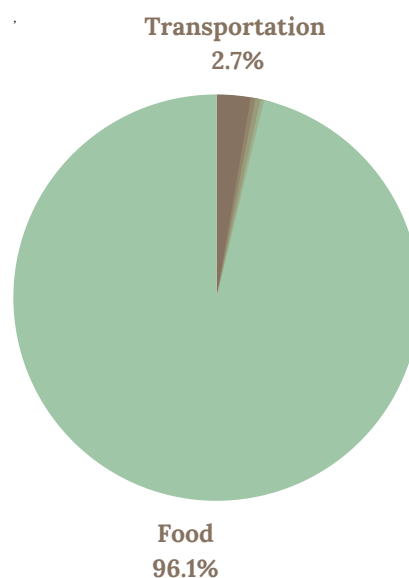

AMOUNT SPENT ON EACH REGION

A total of \$74,879.00 CAD was spent from the total donations towards various projects. Below is a breakdown of amount per region.

EXPENSE BREAKDOWN

Transportation	\$2,024.00
Labour	\$277.00
Tax	\$305.00
Mask/Gloves	\$210.00
Printing	\$80.00
Food	\$71,983.00

RECIPIENT FEEDBACK

Here is what few of the individuals who were helped had to say...

INDIVIDUAL FROM BALOACHISTAN

'We are very thankful and pleased for H.O.P.E. Foundation for supporting us during this difficult time. Our prayers are with H.O.P.E. Foundation and individuals who contributed towards this noble cause and may God reward their efforts.'

MR. SHAH FROM JAMSHORO, SINDH

'During COVID-19, many villagers and workers were heavily impacted due to no work activity. I would like to extended my gratitude and special thanks to H.O.P.E. Foundation for being there and supporting the worker's families.'

MEMBER OF SHAHEED FOUNDATION FROM PARACHINAR

'All deserving families of the Martyrs (roughly 79 families) were supported with food ration packages during COVID-19. Our special thanks and prayers to H.O.P.E. Foundation for assisting and looking after us during these challenging times.'

MR. JAMALI FROM TANDO JAM VILLAGES

'During these unprecedented times caused by COVID-19 causing a lockdown in Pakistan, we are grateful to H.O.P.E. Foundation for supporting needy and poor families in the area. The food ration packages for poor families is greatly appreciated and our prayers for H.O.P.E. Foundation.'

FUTURE GOALS

We are still working with people and organizations who are actively supporting needy shelters within Pakistan. These organizations support individuals who are in need of food and have no place to live during this pandemic, those still living under difficult circumstances and those who currently have no means to an income or are in need of financial support. We are assisting them with delivery of food ration packages, consisting of essentials that can be utilized to feed their families.

OUR VOLUNTEERS

During the COVID-19 pandemic, we reached out to individuals in Pakistan who would go on to act as essential workers, by aiding needy families heavily affected. There were about 40+ volunteers who signed up to help within specific regions of Pakistan, spread-out over various districts. The food ration packages were loaded onto trucks for delivery to various regions in Pakistan for distribution to needy families.
